Dongguang Chemical on List of 2019 Top 100 Private Manufacturers in Hebei

(30 August 2019- Hong Kong) Dongguang Chemical Limited (the “Company”, together with its subsidiaries, the “Group”) is pleased to announce that Hebei Dongguang Chemical Co., Ltd. (“Hebei Dongguang”), the subsidiary of the Company, has been acclaimed as one of the “2019 Top 100 Private Manufacturers in Hebei” after being named “2018 Most Energy-Efficient Company in Nitrogen Fertilizer and Methanol Industries”, included in the “List of Green Manufacturers” and selected as the National Green Factory this July. Pursuant to the arrangement set by the provincial committee and the provincial government along with the principle of voluntary participation by private enterprises, the Hebei Industrial and Commercial Federation conducted a study on sizable private companies in 2018 and produced three lists of ranking, including the “2019 Top 100 Private Manufacturers in Hebei”. This honour is another recognition of the Group’s persistence in production and operation as well as of its remarkable performance.

Please refer to the latest announcement regarding the List of Top 100 Private Enterprises in Hebei for details.

About Dongguang Chemical Limited

Headquartered in Hebei province, Dongguang Chemical Limited (HKEX stock code: 1702) is one of the major coal-based urea producers in China, with annualised designed production capacity of urea reaching approximately 1.1 million tonnes. The group mainly produces and sells urea and by-products of urea, including methanol, liquid carbon dioxide and liquefied natural gas. The group’s production facilities are strategically located in close proximity to major national highways, railways, and major ports of North China. The proximity of these

transportations has enabled the group to deliver products to customers in a timely and cost-efficient manner and build brand reputation. As of 31 December 2018, the company had total assets of RMB1.8 billion and factories in a site area of 700,000 sqm. As of the same date, the Company was the largest urea producers in Hebei province and among the top 20 urea producers.
